FACILITIES

Camp Whitcomb/Mason consists of more than 300 acres of grassland, forests, fields and wetlands. At the center of Camp stands Meinerz Friendship Lodge, our dining hall and gathering place. Overnight campers stay in cabins with two counselors equipped with

a fireplace and two sleeping areas with bunk beds. Common bath and shower facilities are centrally located. The Day Camp program operates out of the Stiemke Lodge on the northeast side of camp. Stiemke contains indoor facilities for the campers and is steps away from soccer fields, a volleyball court, basketball courts, a camp fire ring, forests, grasslands and the lake.

STAFFING

Staff members are carefully selected from colleges and universities across the country. All staff serve as role models and are committed to helping campers grow with quality programs and a philosophy that puts campers first. By keeping our staff-to-camper ratio low (1:8 or 1:10), we are able to offer a unique, safe and fun environment that sets us apart from other summer programs. The dedication, enthusiasm, professionalism and expertise that the staff exemplifies are what make Camp Whitcomb/Mason such a special place.

HEALTH, SAFETY AND SECURITY

Safety is the first priority at camp. A trained and certified Health Coordinator is on site for the summer, and staff are trained in First Aid, CPR and camp policies and health, safety and security procedures. Camp also has a storm shelter in the event of inclement weather. All medications your child needs will be kept by our medical staff and distributed appropriately. All medications (prescriptions, and over-the-counter) must be sent in the original containers

Camp Whitcomb/Mason is accredited by the American Camp Association, which sets industry standards for health care, safety, administration, food service and facilities.

Camp Whitcomb/Mason is owned and operated by Boys & Girls Clubs of Greater Milwaukee.
